UNION BEATEN BY HEAVY "Y" TEAM

Springfield Adds Another Scalp
to Her Record.

UNION SCORES ON FUMBLE

Jones, Moynihan, Travis, Hochuli Feature for Garnet.

Union was defeated Saturday by Springfield Y. M. C. A. in a well contested game in which the visitors made the most of their vastly superior weight. Except for the first few minutes of play when the Garnet squad was rushed off its feet, the game was well fought and honors were almost even. Hochuli and Moynihan featured on the defensive and Travis and Jones were the best ground gainers for the home eleven. Union scored when Jones recovered a Springfield fumble and ran for a touchdown. Hal Wittner played a steady game but his shoulder was seriously hurt, necessitating his removal in the second half. Springfield was undoubtedly the best all around team Union has faced this year.

All attention is now centered on the approaching game with Union's old rival R. P. I. on Alexander Field this Saturday. The Engineers have an unusually strong team this year and it will require the Garnet's top-notch speed to defeat them. Practice will be devoted almost entirely to scrimmage in an effort to develop the necessary punch, and during these sessions the forward pass will receive a large amount of attention. Hanley did some very good work punting recently and is expected to come through Saturday. Just who the coach will select to start at end this week is again a problem as the men who handled the wings against the Y. M. C. A. leaders were not altogether satisfactory. Art. Notman is a promising candidate and will probably be used. All effort must be made to keep the second squad in prime shape and all men are urged to join in the final drive of the season.

Friday.

7:00—Campus Meeting, Gymnasium.
8:00—English Club, Graduate Council Room.

NO SOIREE THIS YEAR SAYS COUNCIL— PROM TO BE A RED CROSS AFFAIR

For the first time in many years, Union will have no Sophomore Soiree this season, according to a decision last Saturday of the Terrace Council in conference with President Richmond. In announcing Monday to the student body the course taken by the Council in the abolition of the affair for this year, President Hoag said that to do away temporarily with the dance would be one of the most useful measures of economy that the students could practice in war-time. The Soiree, unlike the Prom, has rarely been a financial success. Last year there was a deficit of over one hundred dollars. Year before last, when there was a slight surplus, was an

exception to the rule.

There will, however, in all probability be a Junior Prom this year. The Terrace Council, at last Saturday's conference decided that, if strict economy be exercised in the management of the affair, and if it is conducted with the understanding that the profits are to go to the Red Cross, the Prom should be allowed to go on this year. Accordingly, the committee as soon as appointed will probably confer with the local executives of the Red Cross with a view of securing their co-operation. It is expected that President Cassidy of the Junior class will make his appointments within a short time.

MAN POWER NEEDED AFTER CONFLICT---PENNY

Colleges of U. S. Must Throw
Selves Into Breach.

At vesper service last Sunday, in Silliman Hall, Dr. Roscoe Penny spoke on the subject "Man Power." Dr. Penny, who is the pastor of the First Baptist Church in this city, has always taken great interest in the college and in the past has rendered valuable service to it. The substance of his talk was as follows:

"Man power is today the great problem confronting the world. Nearly every nation of the world is at war, losing thousands of men daily. We shall soon be as deeply involved in the conflict and will lose as many men as other nations are losing. Human lives by the millions will be found to have been lost in this terrible maelstrom when peace finally comes.

"Nor is the decrease in man power confined to this generation. Homes are destroyed and the reproductive power of the nations diminished for years to come.

"All fields of human endeavor have been exploited for material for soldiers. Teachers, ministers, business men, professional men, thousands of these workers are being killed and their places left vacant. Something will have to furnish new men for the jobs.

"The college is the institution to meet the emergency. It must supply men more competent than ever and these in greater numbers than ever before to compensate for the lack of men after the war. This means that every man in college must apply himself to his work and utilize every opportunity to fit himself for the service of his country and of all humanity. Ev-

WAR INCREASES TASK OF GRAD COUNCIL

Need of Alumni Organization
Greater Than Ever Now.

FUNDS A BIT LOW

Real Progress Reported at Saturday Meeting, However.

At the meeting of the Graduate Council on Saturday, November 3, the need of a more thorough co-operation than ever before on the part of the Council was emphasized.

The years which are to follow are to be serious ones for Union, with students and instructors constantly enlisting. Enrollment in the Freshman class may be smaller as the result of war conditions. The alumni of the college, through their organization, the Graduate Council, must step into the breach if the college is to continue a successful existence.

New officers were elected as follows: Frederick B. Richards '88, president; Dr. Alexander Duane '78, vice-president; Harris Cook '94, treasurer, and C. L. Meade '09 was elected as a new member at large to succeed Thomas H. Ferry '63 resigned. His term of office will expire October, 1919.

This meeting marked the close of the sixth year of the Graduate Council. The reports read showed that much had been accomplished since the spring meeting of the Council and that alumni interest in the college was steadily increasing.

Although the report of the treasurer, William G. Shaible '86 showed a slight balance on hand there was a decrease in the amount subscribed through the Council for gifts in comparison with other years.

In the year ending August 1st, 1917, there has been an increase neither in the number of alumni donors nor in the amounts given. In the Council itself, thirty-two of the fifty members did not contribute this year. The treasurer recommended that every member of the Council contribute at least a dollar this year and that every class representative in the Council should see that his class is organized to give as a class and that some member of the class makes an appeal for gifts for general college funds, or for some specific object of college need.

A letter from Courtland Anable, of the board of trustees was presented which discouraged further action on the part of the Council toward obtaining the privilege of electing an alumni member of the

(Continued on page 4)

SENIORS PICK HOCHULI TO SUCCEED TOWNE

"Walt" Wins With Difficulty
Over Travis and Bascom.

At a meeting of the Senior class Monday noon, Walter Hochuli was elected president to succeed Hunter Towne, who recently enlisted in the U. S. Army Ambulance service. Hochuli's election came after a hotly fought contest. On Friday last the class elected Hochuli by a vote of 15-13-13 over Travis and Bascom. At first it was thought that this was decisive, but on looking into the matter it was found that a majority for Hochuli was necessary before president. Another election was he could be legally installed as therefore held on Monday. After the first ballot Monday, the men were found to have the same number of votes as they had on Friday. The election was finally decided in this way: Travis and Bascom were first voted upon, and Travis was chosen to run against Hochuli. In the final ballot Hochuli was elected over Travis by a considerable majority.

Hochuli's election comes as a reward for three years of hard work, both in class and college interests. Although a non-fraternity man, he has attained an enviable reputation in college, and is highly popular with the undergraduates. Besides being a member of the Terrace Council, Hochuli is also a member of the varsity football team. In his Sophomore year he was secretary and treasurer of his class and in his Junior year a member of the Honor Court. He has always been prominent in athletics, although his light weight has kept him from winning his "U" until this year. He is certain to prove a capable

UNION'S BIG TRADITION.

Doubtless those intangible things, college traditions and customs, did not know how many friends they had until pressure was brought to bear upon some of the less useful of them during the last few weeks for the purpose of making Union's participation in the war a truly consistent one. Champions of these "institutions," such as the Freshman Peerade and the Sophomore Soiree, have appeared as if by magic. And they have been numerous. Some have, perhaps, been victims of an overdose of "business-as-usual." That doctrine has been known to have ill effects as well as good.

We are all of us here at Union jealous guardians of her customs and her traditions. We realize that it is these that have kept our Alma Mater youthful through the years. But some of us mistake the spirit of the aggregate of these things. In striving for the preservation of a few of the superficial customs, we lose sight of the bigger and deeper traditions. Now, if ever a tradition stood forth from the pages of Union history it has been patriotism. In America's time of need our college has ever been ready to do her part. And this is the finer, nobler tradition that the existence of the Peerade and Soiree "customs," had they been allowed to continue this year, would have obscured.

So let us preserve the traditions of Union, especially that very lofty one, her patriotism. We have not so far been fully consistent in maintaining it. We did not do our full share in the Liberty Bond campaign, and we have responded even less willingly to the appeal of the Army "Y" for funds. It would seem that there are just two classes of students who should subscribe to this fund—those who intend soon to be serving their country in the field, for they will be directly benefited, and those who cannot do active duty, for they must look for other ways in which to be useful besides fighting. Doubtless if all the individuals of both of these classes subscribed, there would be more men who could say that they bought both a Liberty Bond and comfort

for an American soldier. Unfortunately these men are not so numerous as they should be. Perhaps loaning the government at 4 per cent. what has been drawing 3 per cent. in a savings bank or laying up at interest money for one's own rainy day is doing one's full share in the war. On the other hand, mature consideration may convince the Liberty Bond purchaser that a five or a ten-spot given to the Army Y. M. C. A. is not a serious overload upon his sense of national duty.

THE PROBLEM OF COLLEGE STUDENTS

By Hon. Newton D. Baker, Secretary of War.

(From the Patriotic News Service, of the National Committee of Patriotic Societies, Washington, D. C.)

When the call to national service arose, spirited young men everywhere of course wanted to be employed in a patriotic way, and I suppose there is scarcely a young man in any college in the country who has not very anxiously addressed to himself the question: "What can I do?"

I think that there is no general answer to this question. Even in those cases where it would be obviously better for a young man to stay at college and prepare himself for later and fuller usefulness, yet if the young man in so doing acquires a low view of his own courage, and feels that he was electing the less worthy course, the effect on the young man of that state of mind toward his own actions probably would be so prejudicial that it ought not to be encouraged.

To the extent that the men in college are physically disqualified, or to the extent that they are too young to meet the requirements of the department, it seems quite clear that in the present state of the emergency their major usefulness lies in remaining in the college, going forward with their academic work. The knowledge that the students will acquire at college will equip them for subsequent usefulness if the emergency lasts until their call comes.

But we do not want to chill enthusiasm. We want to preserve enthusiasm and cultivate it and use it; but we do want to be discriminating in our enthusiasm, and prevent people getting the notion that they are not helping the country unless they do something different, which very often is not the case at all. The largest usefulness may come from doing the same thing. Now, it is not unnatural that there should be these ebullitions of feeling, this desire to change occupation as a badge of changed service and devotion to ideals. Our colleges can exercise a steady influence in this regard.

We are going to have losses on the sea; we are going to have losses in battle; our communities are going to be subjected to the rigid discipline of multiplied personal griefs scattered all through the community, and we are going to search the cause of those back to their foundation, and our feel-

TWO UNION PROFS. TALK TO Y. M. C. A. MEN.

Union extended its educational influence in a novel way last Saturday, when, in response to a request contained in a letter sent to Dr. McComber by Mr. Elmer Berry, Professor of Physiology, Gymnastics and Athletics at the International Young Men Christian Association College of Springfield, Mass., the men on the Springfield team were given talks of some length by Prof. J. I. Bennett and Dr. McComber. "As you know," said Mr. Berry in his letter, "the men here are training for physical directors and we are therefore interested in all matters relating to the administration of physical departments in Young Men's Christian Associations, schools or colleges. I am writing to ask if it might not be possible for you to arrange a conference with our men some time Saturday morning, at which in an hour or an hour and a half of time you might set up to them the methods of administration and details regarding the physical department of Union College, and methods of administering athletics. We would be glad if you could also have someone who might briefly tell us of the history, ideals, etc., of Union College." In accordance with Mr. Berry's request, Prof. Bennett gave the Springfield men a half-hour talk Saturday morning on the history of Union College, and Dr. McComber lectured briefly on the administration of the physical department here. All were highly pleased with the talks.

WIND WHISTLES THRU EMPTY CAMPUS.

Yesterday was probably the dullest election day which has visited the campus in some years. There was no interclass track meet, no Frosh-Soph football game, no mighty tug of war, such as in past seasons have brought cheering hundreds to Alexander Field. Even varsity football practice failed to draw any crowd. Many went home to vote. Others who had included Monday with the week-end were still away. The nip in the air brought out a few hikers. All in all, the campus was rather a lonesome place yesterday.

PYRAMIDS HOLD DANCE.

The members of the Pyramid Club enjoyed a dance Monday evening at the Schenectady Boat Club. About twenty couples were present, among whom were several alumni and guests from out-of-town. Kehoe's Banjo orchestra of this city furnished the music. A light luncheon was served. Mrs. L. C. Goodman and Mrs. S. V. Travis were patronesses.

Sophomores as well as Freshmen are required to take military drill at Rochester, whose course is in artillery. If uniforms can be secured for the men, they will be worn six days a week.

WEEK A GAY ONE FOR UNION FRATERNITIES.

Society is having a wide fling on the hill this week.

The social season was marked last week by a tea given by the Sigma Phi. Two house dances were held at the Beta Theta Pi house and Chi Psi lodge Monday evening. This Saturday the Alpha Delta Phi, Phi Delta Theta, Delta Phi, Phi Gamma Delta, and Delta Upsilon fraternities are entertaining.

Alpha Delta Phi is holding a tea after the R. P. I. game. The patronesses will be Mrs. W. Hanson, Mrs. J. W. Yelverton, Mrs. C. A. Richmond, Mrs. Noble and Mrs. Gibson. No orchestra has been decided upon as yet.

The patronesses at the Phi Delta Theta tea are Mrs. Garis, Mrs. James Husted, Mrs. Trice, Mrs. W. P. Northrup and Mrs. Thomas Rooney. Reineck will furnish the music.

The Delta Phi and the Phi Gamma Delta fraternities are having dinner dances Saturday night. McGuirk will play for Delta Phi. Chaperones have not yet been chosen. For the Phi Gamma Delta dance, Mr. and Mrs. Fretts will be chaperones. Pantin will play.

The Delta Upsilon will hold a dinner party Saturday, followed by dancing. Mr. and Mrs. W. L. Kennedy and Mrs. B. F. Ewell will be present.

WILLIAMS X-COUNTRY OPPONENTS SATURDAY

The cross country team will run its only race of the season Saturday, when Williams will journey to Schenectady to run over the four mile course against the Garnet speedsters. The Purple cannot fail to make an excellent showing here, having easily won over R. P. I. last week. Platt, who finished first in last week's race, is especially to be feared. Other members of the New England team will be Parker, Fowle, Olsen, Putnam and Stewart. Those who will run for Union will be practically the same men who were entered in the race for the Sigma Phi trophy last week: Captain Hance, McLean, McGarty, Ladd, Streeter, Lyman, Donnan and Dewey.

CHEM. CLUB TO SWING THREE JUNIORS MONDAY

Three new members will be initiated into the Chemical Society at its meeting Monday evening. The new men are Varner M. Lyman of Lowville, and Oscar J. Schultz and Madison L. Sheely of Albany. All are members of the Junior class. They have been wearing the crucible-cover pledge button of the society for several weeks.

DR. CHASE TO ADDRESS ENGLISH CLUB.

The second meeting of the season of the English Club will be held Friday evening of this week. Dr. Stanley P. Chase will speak upon the subject of "A Tory View: Oliver's 'Ordeal by Battle'."

MOSHER HEADS NEW ECONOMICS SOCIETY.

The movement for a society at Union devoted to the study of economics materialized Friday, when the Senior class in Advanced Economics met in Dr. Hill's room and formed the charter members of a club which is to be known as the Polecon Club.

A constitution drafted by H. Seivits, M. Poersch, G. F. Mosher and R. S. Travis, all of '18, was voted on and accepted. The following officers were elected: G. F. Mosher, President; H. A. Calkins, Vice-President; Mathias Poersch, Secretary-Treasurer. Dr. Hill was chosen honorary President.

President Mosher has been active in class track, in basketball, football, and in Y. M. C. A. work, and is a member of the Pyramid Club. Calkins has been known in class basketball, and was president of his class in his Junior year. He is a member of Beta Theta Pi. Poersch is a member of the Pyramid Club, Glee Club, and Classical Club, and has won honors in oratoricals.

President Richmond, Dean Rip-ton, Prof. Waldron and Prof. Allen were elected honorary members.

The first regular meeting of the club is to be held in the Delta Upsilon house, Tuesday evening, November 13th. At this meeting, Dr. Hill will read a paper on "Education and Democracy."

Columbia now has a committee to act as a buffer in disputes between trustees and faculty. The body consists of six members and its function is to the consideration of separate cases involving members of the faculty. The action in creating the committee was made necessary after the recent dispute between the trustees and a number of faculty members which resulted in the resignation of several of the latter.

WAR INCREASES TASK OF GRAD COUNCIL

(Continued from page 1)

board of trustees to any other body than the General Alumni Association. It would be necessary to make an amendment to the college charter before the plan of election of the alumni trustee could be changed. The course of action which will probably be taken by the Council in the matter will now be the preparation of such rules and regulations governing the election of alumni trustees as may seem desirable to the members and the submitting of the same at the January meeting of the trustees. This is the step suggested by Mr. Anable. The trustees desire the advice of the Council as to ways and means of conducting the election of alumni trustee.

SENIORS PICK HOCHULI TO SUCCEED TOWNE.

successor to Towne. Hochuli's election makes it necessary to elect another Terrace Councilman to take the place left vacant by Towne, for the president of the Senior class is automatically a member of this body, and since "Hoch" is already a member, it becomes necessary to elect another to fill the Council quota.

ALL.

(From Smart Set for October)
A little while ago it was
That Love was young and fair;
Enamoured was I of his mouth
And his shining hair.

Tonight he sits by the fire,
Dumb, with naught to say.
His face is dark against the light,
And his hair is gray.

WHEN DEATH IS GLAD.

Our days should always stand ajar
So if Death should knock
He would not have to stand and wait
While we turn the lock.

For waiting makes Death hard to bear,
He grumbles and is sad.
A welcome when he's at the door
Warms his heart and makes him glad.

Brown's campaign to raise funds for the Army Y. M. C. A. began with total subscriptions of over \$1,700 in the first day. The goal is set at \$5,000.
