TWO DEFEATS OPEN BASEBALL SEASON

West Point Game a Pitchers
Contest.

GOFF IN BOX.

Hitting is Good in Crescent Game.
—Tamsett Locates Weak
Spots.

West Point 3; Union 2.
Crescent A. C. 13; Union 7.

Such were the results of the Garnet's opening games, the first played Friday at West Point, the second Saturday at New York.

Friday afternoon with Goff in the box the team played the Army at West Point. The game was part of the Commencement program of the Cadets and was largely attended. While the game was close it was featureless with the exception of the pitching. Goff allowed but one hit while Union got three from Murrill. The latter had ten strike-outs while Homer fanned four.

The Army scored in the first two innings on a combination of errors and a stolen base. After Sutton had stolen home in the fourth and Bill May had scored on an error the game settled down to an argument between the pitchers.

On the whole the showing made by Union was fairly good for the opening game and gave Tamsett clear idea of its weak spots.

Saturday's contest with the Crescent A. C. resulted in Union being beaten 13-7 and as a game the exhibition was almost a farce. The most encouraging feature of the game from the Garnet point of view was the hitting of the team. Witner and May each secured two hits out of three times at bat. Bill, as was his custom of last year, hitting for three bases.

The opening of the home season will take place next Saturday on Alexander Field with Rutgers as Union's opponents. Stiff workouts will take place during the week and Coach Tamsett expects to have the team in fine shape for the game.

CALENDAR

Tuesday.

2:00—Try-outs for Sophomore Oratoricals.

3:15—Try-outs for Junior Oratoricals.

Wednesday.

4:00—Mandolin Club Election.

Thursday.

6:00—Dramatic Club Election.

Friday.

4:00—Press Club Election.

6:30—Press Club Banquet.

GET READY WITH YOUR CONCORDY QUARTER! THE PRESS IS MIGHTY AND MUST PREVAIL!

The president of the student body has appointed the following men to collect the tax of twenty-five cents per capita levied on the student body at the special college meeting on Thursday, April 19:

For the Senior Class:

David F. Chapman, Harry R. Kirkup.

William Loughlin.

For the Junior Class:

Edward M. Cameron, Gibson

Carey.

For the Sophomore Class:

Brenton Taylor, Karl H. Gorham.

For the Freshman Class:

John Hoag, William Jameson

These committees will start to collect the tax at once. The depleted condition of THE CONCORDY'S money chest makes it imperative that funds be secured at once.

WAR CANCELS CONTEST IN SPEECHES ON PEACE

Union Enters New Oratorical League—Buell Goes to Wesleyan.

The contest between representatives of the colleges of the state for prizes for orations on peace which was to have been held in New York City in the near future has been called off on account of the war. Wilson O. Clough, '17 was chosen to represent Union in this contest. He has received the prize of twenty-five dollars which was awarded to the student winning out in the try-outs for the big New York contest.

Union has entered the New England Intercollegiate Oratorical Association and Irwin A. Buell, '17 will go to Wesleyan on May 3 to participate in the annual contest of the association. The title of his oration is, "Forging Our Link in the Chain." Amherst, Wesleyan, Bowdoin, Williams and Union are members of the association.

JENKINS WILL DRIVE AMBULANCE IN FRANCE

Carl Jenkins, '16, visited the campus last Saturday. He expects to leave within a few days for France where he will drive an ambulance in the American Red Cross service.

Grey Streeter, ex-'17, has passed the examination for first lieutenant in the regular army and is awaiting a cavalry commission. He served in the militia, Troop B of Albany, on the Mexican border last summer.

SONG COMMITTEES.

The Junior class has started the ball rolling in the inter-class song contest and have appointed as their committee Ignatz Stein, Sidney Talbot and Philip Dorlon, Jr.

Raymond Perry, H. Wilson Micks and George Rowe is the committee of the Freshman class.

The Senior and Sophomore committees will be appointed soon.

JOBS FOR THOSE WHO WILL CONTINUE DRILL

G. E. Company Will Employ Students Who Spend Summer Here and Drill.

Through arrangements made by President Richmond with the General Electric Company those students who will remain here during the summer and continue military drill, will be given work at the G. E. plant.

This announcement was made in chapel this noon by Dr. Richmond. He said that the General Electric Company had given their warm and cordial co-operation in this matter. Employment will be provided for all men who desire it according to their capabilities.

A representative of the company will be on the campus within a day or two to receive applications from those who intend to take advantage of this opportunity.

One hundred men held up their hands when Dr. Richmond asked those who were interested so to signify.

DELTA UPSILON DINES SATURDAY AT UTICA

The annual Delta Upsilon banquet of the second district was held at Utica Saturday, April 21. About one hundred D. U.'s from the Union, Hamilton, Colgate and Syracuse chapters attended. The banquet was served at the Hotel Utica. Major Frederick M. Crosssett of New York City acted as toastmaster. The Union chapter attended in a body.

PHI DELT SMOKER

Saturday evening Phi Delta Theta held a smoker for their alumni. The occasion was in honor of J. L. Moon of the class of '06, who leaves in a few days for Fort Wayne, Ind., where he will be manager of the Induction Motor Department of the General Electric plant in that city.

ENGLISH DEPT. MAY EVACUATE CAMPUS

Dr. Chase and Prof. Whipple Apply for Training Camp.

STUDENTS MAY GO TOO

Men From This Section Go to Madison Barracks for Officers' Training.

If their applications are accepted, Dr. Stanley P. Chase and Prof. T. K. Whipple will leave May 8 for Madison Barracks to enter the officers' training camp to be established there. In case they leave, a substitute instructor will probably be provided to take their classes in Freshman and Sophomore English and their upperclass classes will be given final examinations before they leave.

There are about twenty undergraduates who may leave college at the same time to attend the camp at Madison Barracks. The following men are among those who have already sent in their applications or expect to do so: Theodore de C. Palmer '18, Spencer B. Eddy '18, Charles Lester '17 and Charles De La Vergne '19. Prof. Perrin Galpin also may go.

The camp at Madison Barracks is one of several officers' training camps to be established in this state as a result of plans, the details of which Congress is expected to pass upon within a few days. While the details were being considered by the War Department, little was known about the camps except that they would entirely supersede the citizens' training camps of recent years. The Officers' Camp project is now so well worked out, however, that much information is available for men who are considering attending the camps.

The age limits of the candidates who go to camp this summer are 21 to 44 years. No one will be accepted who does not promise to take an officer's commission should one be granted him at the close of his period of training which is three months. A physical examination is necessary for which examiners will be stationed in the various sections of the state.

From the 14 officers' camps to be conducted in every section of the country for three months beginning May 8, it is expected that 10,000 will graduate with commissions in August. These men will take charge of drilling the 500,000 recruits who will be drafted, or will volunteer, as the first section of the two million men Uncle Sam intends to train within the next two years. Seven of the officers'

A DEFECT IN THE HONOR SYSTEM.

It often happens that a student does not take a test with the rest of the class. The professor gives him the same paper and he takes the test at his house. Between the time that the others of his class have taken the test and the time that he takes the student may be exposed to considerable talk which, if it does not inform him exactly what some of the questions are, at least gives him a notion of what they are. The same situation occurs when a class is divided into two sections and both are given the same examination.

Such a condition of affairs manifestly contravenes the spirit of the honor system. Yet it is not per se a violation of the honor system. There is nothing in the pledge about previous knowledge of the questions to be asked.

In the statement required to be signed by persons taking examinations under the Board of Regents of the State, are the words "Prior to this examination I had no knowledge of the questions to be asked." Would it not be well if such a clause were included in the pledge of the honor system?

Probably no student deliberately absents himself from class at the regular time of examination in order to secure what knowledge he can from those who have taken the test. Yet when he is absent for good cause he runs a great risk of hearing something about the questions and he can, without being liable to punishment, take ad-

vantage of that information before writing his answer paper. If he does so, he is just about in the same boat with the man who looks over another's shoulder and copies. The difference is that the latter is punishable and he is not.

Gum shoes, a dark lantern and a jimmy were the instruments used by Anapolis students to secure examination papers before hand. Their crime was blackened by wilful intent and premeditated design. A student who benefits by accidentally ascertaining questions before hand is guilty only in a less degree.

CREDIT WHERE

CREDIT IS DUE

Since it made its first appearance last fall in the Freshmen Peerade until its last public appearance the Union College Band has dispensed good music and has contributed very largely towards the zest and animation of the student body whenever it has played at games or in parades. Its recent success is due entirely to Walrath, '17, the retiring leader, and his fellow musicians, who have devoted their efforts and their time without support from the student body as a whole and without hope of the "honor" usual sought in college activities. It has been a labor of love; perhaps love of music, but certainly love for the college.

Saturday we were tagged for the Ukrainians. The Lithuanians have had their day. Will the war be over before the Estonians, Thuringians, Ruthenians, Slovenians, Serbo-Croats, Czechoslovaks, Zecklers and Roumanians have their chance?

"Do you wonder that they bring a thrill to the feminine heart such fripperies as this crepy combination, embroidered in forget-me-not wreaths, the creamy lace cap, the garters with frills, the brocaded mules garlanded in posies, and the lace beruffled petticoats?"—From the New York Tribune's fashion page.

If the feminine heart is thrilled by garters with frills and brocaded mules garlanded in posies, how it would palpitate at the well shaped limbs of the boys in knickerbockers.

Is John Beattie going, too?

A. D. THIS DANCE.

On Saturday evening Alpha Delta Phi held a formal dance at which there were about thirty couples present. Porter Fisher ex-'18, and Joseph Wilkinson ex-'20, who spent the week-end on the hill, were among those present. Wittstein and Ward's orchestra which played here at the Junior Prom and at the Mohawk Golf Club Junior Get-together Friday night, furnished the music. The patronesses were Mrs. F. A. Noble and Mrs. W. T. Hanson, Jr.

ENGINEERS' EQUIPMENT INCREASED BY TRUSTEES

New Transits, Levels, Lockers
Extensometers and Laboratory
Apparatus Are Purchased.

A recent appropriation by the Board of Trustees has made possible the securing of considerable new equipment of the general engineering department which will meet the needs and add greatly to the efficiency of the work of the department.

The surveying equipment has been materially increased by the purchase of two complete transits three Dumpy levels, a complete plane table outfit and three new level rods. This equipment will permit of much better field instruction than has been possible in the past and has arrived just in time to supply the needs in field work in military engineering.

The equipment of the materials testing laboratory has been increased by the purchase of a micrometer adjustment extensometer two Berry strain gages and a Wissler wire dial extensometer. These instruments will allow of the accurate measurement of deformations in various kinds of test pieces, which are being tested at this time by the Junior class in their course in strength of materials.

A new set of lockers has been placed in the cement testing laboratory. A set of molds for the preparation of two-inch cubes for compression tests and other minor apparatus has been added.

A much needed set of lockers is being prepared for the Freshman drawing room on the third floor of the General Engineering Building.

A recent gift of \$100 from a friend of the college has made possible the binding of a very complete and valuable set of Proceedings of the Institute of Civil Engineers. This society is probably the leading general engineering society of the world and is located in London.

SEVEN SOPHS WEARING CHEM CRUCIBLE COVER.

Mann Expounds Water Analysis—Chem Club Will Initiate and Feast On May 21.

The Union College Chemical Society held a meeting Monday evening, April 16, in the Chemistry lecture room. Mr. Louis Mann '17, presented a paper on "Chemical and Bacteriological Analysis of Water." After the presentation of the paper new members were elected to the Society from the sophomore class as follows: Baird, Beaver, Bradford, Cockburn, Gloeckner, Philip and Van Loan. These men are wearing the crucible cover which is the pledge button of the Society. To crown the end of a very successful year an initiation banquet will be held

May 21st, at which a notable toast list will be heard. Officers for next year will be elected at the meeting of April 30th.

HAMILTON CANCELS; WILLIAMS CHALLENGES

The Hamilton track meet which was scheduled for May 23, has been cancelled by Hamilton. The baseball game with Hamilton has also been cancelled. Hamilton has taken this action on account of military training.

A challenge from Williams for a track meet on May 5 was received today by the track management and is being considered by the Athletic Board.

The baseball management is attempting to secure another game to fill the date which Hamilton had.

ENGLISH DEPT. MAY EVACUATE CAMPUS

(Continued from page 1)

camps will be under the jurisdiction of the Department of the East, and two will be in New York State.

One of these will be at Plattsburg and will be chiefly for men from New York City and Long Island. In the other New York State camp, at Madison Barracks near Watertown, will be men from all other parts of the state and from northern Pennsylvania. Therefore, those who go to camp from Union will be trained at Madison Barracks and not at Plattsburg. To each of these camps no more than 2,500 men will be admitted.

So much the government seems certain of. But it is not sure as yet whether it will grant pay to the members of the present Officers' Reserve who are expected to attend camp and who are intended to comprise chiefly the "first ten thousand" to graduate from the new officers' schools. While the citizens in the camps who do not hold commissions will be furnished with food, uniforms and other necessities, the reserve officers will have to maintain themselves, should they come to camp in response to the government's "invitation."

It was announced yesterday however, that officials of the War Department and members of the House Military Affairs Committee were agreed that such arrangements would result in the inability of many capable young of-

ficers to attend camp, and that a provision should be placed in the now pending army appropriation bill for the payment of these reserve men. It is confidently predicted that the officers will receive pay.

Information of a more complete nature in regard to the camps is posted in the Graduate Council room, Washburn Hall Prof. Hale is expecting the arrival of further particulars.

GENERAL WOOD BOLTS PRESIDENT RICHMOND

As announced in THE CONCORDIENSIS on Thursday, April 19, President Richmond had an appointment with Major-General Leonard W. Wood in New York City on Friday, April 20. Owing to the fact that General Wood was suddenly called from the city Dr Richmond was unable to confer with him in regard to military training at Union.
