UNION LOSES FAST GAME TO COLUMBIA

First Defeat or Season for the Garnet Comes After Hard Fought Struggle.

SCORE 22-18.

Faulty Basket Shooting Was Main Cause of Defeat—Visitors Outplayed in Second Half.

Wednesday night the Union team went down to its first defeat in basketball this season. It was at the hands of the Columbia team that also trimmed Cornell on the night before last by an advantage of one point.

To sum up the whole game, Union could not find the basket either in foul shooting or from the field. The team showed no such "pep" and drive as it did in the Princeton game.

Leonard of the Columbia team, started the scoring from the foul line. Roberts retaliated quickly and Columbia had a lead of three points. All this time Union seemed dazed and unable to find itself. Galbraith then succeeded in caging a pretty one on a quick pass from Jones, which brought the Garnet team within striking distance of Columbia, but the fast center on the opponent's team broke through for another basket and Union was again in its old position. Galbraith tossed in another and again Union was in position to forge ahead, but the eye of Roberts was good and Columbia shot ahead with its old lead. Time after time either team had opportunities to pile up the points but every attempt seemed to be blind.

Katz committed a foul and Hathaway at last came across with a point on a foul. This department of the game was lacking in the Union team.

Katz got right out with the ball in the next few seconds and scored from the field. It was a pretty shot as he came through from under. Leonard then scored another from the foul line, giving Columbia a decided lead. Score at end of first half: Columbia 11, Union 5.

The second half started badly for Union. Scoby committed two more personal fouls and had to be taken out. Haubner was put in his place. Joe jumped right into the game and Union seemed to be on its feet but it did not last long, although they out-pointed Columbia in this half.

Moynihan started the scoring in this half with a pretty shot and almost took down the house. Katz still playing the same old criss-cross game shot another, and

FULLER SISTERS CHARM AUDIENCE IN FOLK-SONG CONCERT TUESDAY

The Fuller Sisters gave a truly delightful concert on Tuesday night in the chapel. They sang folk songs of England, Scotland and Ireland.

Andrew Lang, the famous scholar, is quoted on one of the programmes for the Fuller concerts, "Folk songs sprang from the very heart of the people and flit from age to age, from lip to lip, of shepherds, peasants. Each task had its song—ploughing, seeding, harvesting, marriage, burial, all had their appropriate ballads or dirges." The audience, which filled the floor of the chapel, was highly appreciative of the grace and charm with which the concert was given. Certain songs like "The Keys of Canterbury," "High Germanie," "The Wraggle, Taggle Gypsies," and "Come Back to Erin" seemed to be especially enjoyed. All the songs were given to the accompaniment of the harp. The unique charm of hoop skirts and shawls made the performance the more pleasant.

The program was:
The Singer's Apologie
The Song of the Play-Actors
Children's Action Songs
Here Comes a Duke a-Riding

When I was a Young Girl -- Dorset
The Keys of Canterbury -- Somerset
Songs of Battles Long Ago
I Would That the Wars Were Well Over -- Devonshire

The Flowers of the Forest -- Scotland

The Twa Sisters of Binnorie

MUSICAL CLUBS TO BE AT HIGH SCHOOL FRIDAY

Give Concert During Junior Week at Edison Club—Others Planned.

The Union College Musical Clubs will give a concert in the Schenectady High School auditorium on Friday evening, January 12th, under the auspices of the January senior class of the High School.

The concert annually given by the clubs during Junior week will be held this year in the Edison Club on Thursday evening, February 8th, and will be followed by dancing. As has been the custom in former years, the Union students will be admitted free of charge to this concert.

Manager Jones is making arrangements for a three day trip which the clubs will make in the western part of the state sometime in the near future, but as yet the exact itinerary is not known. This will doubtless conclude a most successful season, — one which has been one of the best in the history of Union.

Stuart MacMillan '20 who was operated upon for appendicitis on December 31, is reported as improving rapidly.

PROF. ELLERY LECTURES TO CHEMICAL SOCIETY

Gives Interesting Talk on Chemical Deposits in the Yellowstone.

A meeting of the Chemical Society, held Monday evening, was largely attended. Professor Ellery showed the influence of certain low forms of plant life upon the brilliantly colored deposits of silica which abound in certain regions in the Yellowstone Park, and offered a possible explanation of the chemical effect of this plant life. A motion picture film showed some of the largest geysers in action.

WASHBURN HALL WORK WELL UNDER WAY.

The clearing out of the recitation rooms of Washburn Hall, the central portion of which is to be used as a recreation hall for the undergraduates, is now well started. Dr. Kellogg, Dr. MacComber, and Mr. Galpin are holding their recitations in the Engineering Building. THE CONCORDIENSIS and Press Club offices have been moved to Room 3, and the Graduate Council office is in Room 4. Johnny Bennett, however, is still doing business at the old stand, W-10.

GOOD RESPONSE TO PRISON CAMP FUND

QUICK WORK.

Greater Part of Money Collected in First Two Days.

As a result of the campaign started here to raise money for students who are held in the prison camps of Europe, over \$1,000 has been pledged for their relief thus far. The Y. M. C. A. cabinet started Monday to canvass the different fraternity houses, and others have been personally canvassing the neutrals. Never has an appeal for charity of any kind been responded to so generously. The Y. M. C. A. cabinet is striving to make the fund more than \$1,500, and present indications are that the goal will easily be reached. The dance proceeds from the Columbia game were also given to the fund, with the result that to date exactly \$1,131.50 has been pledged. A report of some of the collections thus far follows:

Y. M. C. A. cabinet	\$ 161 00

A CHALLENGE AND AN OPPORTUNITY

The war fund campaign which officially opens today merits the earnest co-operation of every individual connected with Dartmouth College. In a sense the campaign is a challenge to the college; it affords an unparalleled opportunity for service that cannot be lightly passed over. The approach of the third winter of the great conflict in Europe has roused the student body of America to a realization of its responsibilities. The suffering in the prison camps in the countries at war is intolerable and Dartmouth has been called upon to add its bit towards its mitigation.

When it is considered that over five million men—a number equal to the population of Greater New York—are confined in these camps, some idea of the size of the problem may be obtained. Tens of thousands of these prisoners are students. It is in the power of the American undergraduate body to respond to the appeal for funds to carry on the work of relief in a manner that will lay the basis for international friendships and work towards the goal of a lasting peace.

To recount the conditions existing in the prison camps would be to draw a picture of misery of an unsurpassed nature. The field of service is wide, the response must be in proportion. Wesleyan, in the first two days of college this fall, contributed \$5,000. If Dartmouth is to respond in similar fashion, well over \$15,000 will be raised. But there is no set limit to the amount to be pledged. The student body, faculty and alumni are to be put to the test. They and they alone will determine how great Dartmouth's participation in the nation-wide campaign is to be.

It is not within the province of the student, or the faculty, or the

THE FORUM.

The Editors of THE CONCORDIENSIS welcome communications on any subject whatsoever, and will, so far as space permits, print them in its columns. It should be understood that the viewpoint taken in these communications is not necessarily similar to that taken by the editors. The right of deletion is reserved, but it will be employed only in extraordinary cases.

Dear Sir: The man who stands in the path of progress is despised for his narrow-mindedness and looked upon with pity, but to oppose the suggested barring of the Albany departments, from athletic equality, does not oppose progress.

The steps that are to be made along the paths leading to "clean athletics" should be aided and guided in every possible way, but this proposed ruling does not in any way scour the Union athletic escutcheon.

The question of Union College or Union University is but a question of name.

Proponents have held that we are allowing an infringement of amateur standing and compare it to the cases of the current year. These have been questions of summer baseball and should be cast out of this discussion.

The comparison with the Harvard professional schools is also unfair, as these are graduate schools, while Albany Law and Medic are essentially undergraduate schools.

It is to be deplored that the bond that joins the Albany and Schenectady departments is not stronger, but why should we strive to sever that bond and kill the Union spirit that created it.

We asked for volunteers, this fall, and based our plea on Union spirit. Albany sent men who expressed their spirit in a way that was a credit to our Alma Mater.

No, they don't pay any athletic tax but those that come over here and compete for places on Union teams pay a big tax in time and energy lost from their work. If their work won't stand the drain, let their faculty report them deficient and ineligible. But let us stand out ready to welcome with open arms any such fine expression of Union spirit.

Yours for fair play to the Union undergraduates,

J. W. UPP, JR.

alumni to judge the cause. The cause indeed is judging the student, the faculty and the alumni. Giving is not to be on the basis of what can be easily dispensed with, but on the basis of sacrifice. Careful consideration of each man's yearly budget is urged before a decision is reached as to how much he can donate. Each gift should mean a real desire to share in this fellowship of suffering. The opportunity for Dartmouth is unparalleled; it is to be hoped that the response will be worthy of the cause.

CALL FOR SOPHS**FOR 1919 GARNET**

Members of the Sophomore class who wish to compete for the position of Editor-in-Chief of the 1919 Garnet are requested to report to Harold Cook at the Psi Upsilon House at once. As the man to be chosen for next year's Garnet will have no further opportunity for experience it is important that all candidates should report early.

Y. M. C. A. NOTES

William Miller, intercollegiate secretary of the Y. M. C. A., and Elmer Galloway, state secretary of the Y. M. C. A., were "on the hill" Sunday and Monday. Though their visit was primarily in the interest of the European Camp Relief Fund, they were busy taking up matters regarding the general work of the local association and made several suggestions which the Cabinet will follow out, especially as regards the Bible Study and Industrial work.

* * *

The Cabinet expects to have as a speaker some time in the near future Mr. Fred Ringe, a well known worker in the industrial world. Mr. Ringe is also known as an organizer. He will address the engineers, and the Cabinet is trying to secure him for a speech to the whole student body.

* * *

Colonel Gerheart of Buffalo will speak in the Van Curler Opera House a week from Sunday, on "Civic Righteousness." The meeting will be presided over by Dr. Lunn, of this city. Col. Gerheart is a widely travelled lecturer, and a special block of seats is to be reserved for Union students to hear him. This will take the place of vespers on that day.

The vespers speaker for next Sunday is Dr. Noble, pastor of the First M. E. Church in this city.

DATE OF MUSICAL COMEDY IS POSTPONED

Brown, Magee and Hulshizer
Doing Well in Comedy Roles.

REHEARSALS HELD DAILY

Not Enough Time to Give Play
During Junior Week.

The Dramatic Club will not produce its musical comedy in Junior Week but plans on a production later in February. This fact was announced before the Christmas holidays but the numerous requests for information on the subject leads us to repeat the announcement.

The countless difficulties which arose in the preparation of the cast and necessary equipment for "The Best Little Woman in the World," the new Dramatic Club musical comedy, have made it necessary to postpone the date of its production from Junior Week until later in February.

Rehearsals are being held daily and the play is being whipped into a finished condition. The music is being orchestrated and the authors have had several opportunities to place the music with well known orchestras.

Prescott Brown, McGee and Hulshizer are doing very well in the comedy roles and are now working up several burlesque imitations which will be inserted in the second act.

The manager has arranged for an opening night in Glens Falls, the home town of Ralph Knight, who composed the music for the play.

PROF. McDANIEL SPEAKS TO HIGH SCHOOL CLASSES

Prof. A. B. McDaniel of the General Engineering Department, gave an address on "The Engineer and Progress," before the Senior Class, on last Tuesday, and before the Freshman class last Wednesday, in the Auditorium of the Schenectady High School. This address gave a brief outline of the material development of the races from savagery through barbarism and into the epoch of civilization. The origin and growth of the great professions of law, medicine, theology and engineering were described, showing that engineering has had as early a beginning and as important a place in the history of man as has the three so-called learned professions of law, medicine and theology. From the earliest of the ancient civilizations down to the present time, the speaker traced the relation of material development and progress to the life of the peoples of the world. In all of this development, the engineer has played an important part and has always been the director of the great sources of power in nature to the uses of man. In the future, he is to be an important factor in the solution of our economic, political and sociological problems.

Very Good Playing — Wallace Stars for Seniors and Calkins for Juniors.

Two games have been played in the interclass series. These took place on Tuesday afternoon when the Seniors defeated the Frosh and the Juniors trimmed the 1919 men.

The first game, which was between the Frosh and the Seniors, was close throughout. The Seniors spurted in the last half, however, and won by a score of 14 to 10. Wallace did particularly good work for the Seniors, scoring in all four baskets.

1920—Collins, left forward; Lyman, right forward; Vinnick, center; Cantey, Weinhold, left guard; Foster, right guard.

Referee, Wallace Girling. Goals from field, Wallace (4), Hawn (3), Collins (2), Cantey, Weinhold (2).

The second game resulted in a victory for the Juniors at the expense of the Sophs. The 1918 men obtained a lead early in the game and maintained it throughout. The final score was: Juniors 15, Sophs 5.

1918—Hay, right forward; Madden, Frazier, left forward; Hochuli, Kennedy, center; Calkins, Slade, right guard; Francher, left guard.

Meeting Open to All Interested in Preparedness, Will Be Held at College.

The next meeting of the Defense League of Schenectady will be held in Union College chapel Friday night, and at that time the organization of the league will be completed, programs for the different divisions laid out and the winter's work taken up in earnest. A committee, on naval militia has been appointed to organize one of the working sections of the league, have charge of the naval militia work and also that of the coast artillery arm of the Officers' Reserve Corps. This committee is to present a schedule of work at the meeting Friday night. It is expected the naval recruiting station here will co-operate in the distribution of literature in connection with the citizens' training cruise this summer.

All of the local men who went on the naval cruise last summer have been invited to attend the meeting Friday night, and also the session of the local section of the American Institute of Electrical Engineers, which is to be held at Union College January 19, when W. L. Cathcart of Philadelphia will give an illustrated lecture of the development of our fleet and naval stations.

everyone groaned. Jones then came out with a beautiful grandstand shot from the center of the field, but the guarding was poor and Leonard scored again. Jones came through with another nice shot but no sooner had the ball started than Katz, taking the pill down the right side tossed it through at a very difficult angle. The Garnet still so near but yet so far from taking the lead.

Moynihan scored on a flash of pretty passwork but Leonard quickly retaliated on a nice pass from Roberts, the Columbia mainstay.

Then there followed some ragged passing by both teams and Haubner made a grandstand shot from the center of the floor. Union was again in striking distance but Columbia's captain, Roberts, scored on a quick snap back from Katz.

Both sides were muddling around with the ball when the whistle blew and time was out. Union had met its first defeat. Score: Union 18, Columbia 22.
